Travel plan

Short national route

Trip overview

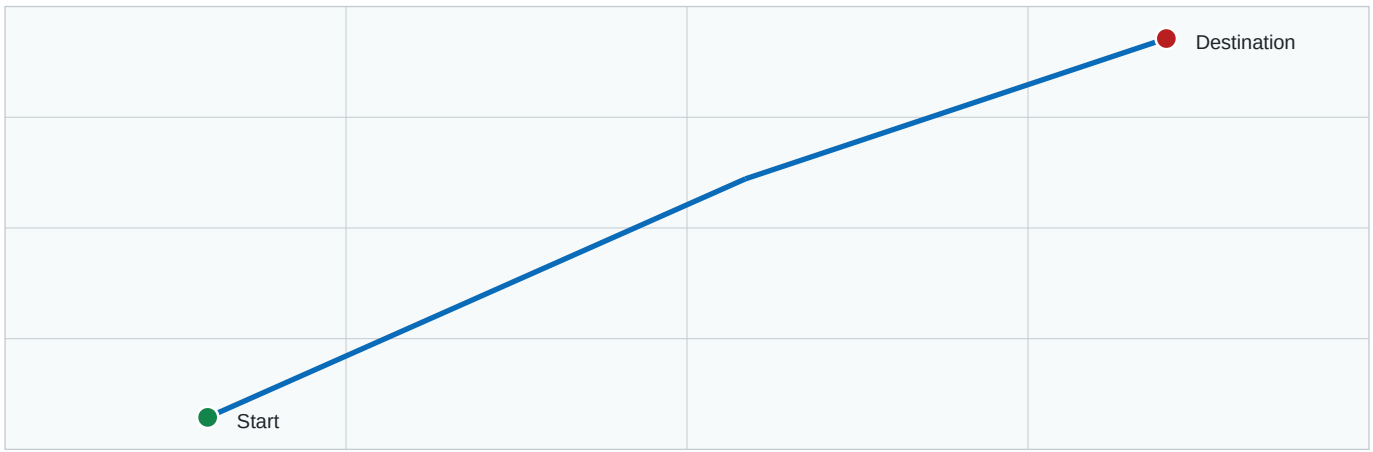
Start: Anonymized start
Destination: Anonymized destination
Waypoints: None
Country sequence: Germany
Total distance: 320 km
Driving time: 4 h 0 min
Estimated tolls: €0.00
Created: Oct 27, 2026, 11:00 AM

Vehicle overview

Field	Value
Vehicle name	Zoe
Vehicle type	Motorhome
Dimensions	7.65 × 2.34 × 3.20 m
Gross vehicle mass	4,800 kg
Axles	2
Fuel type	Diesel
Euro emission class	Euro 5
CO2 class	C
First registration	02/04/2015
Average consumption	10.5 l/100 km

Overview map

Schematic route overview from the stored geometry; not a street map and no new network request.



Legend: Start · Destination · Waypoints | Country sequence: Germany

Itinerary

Start: Anonymized start
Destination: Anonymized destination

Leg values are shown only when the routing response provides reliable segment data; the total route is not divided arbitrarily.

Fuel planning

Consumption assumption: 10.5 l/100 km
Total distance: 320 km
Estimated total demand: 33.6 l

Calculated estimate without tank capacity, starting level or safety reserve. Refuelling stops are therefore not invented.

Tolls and vignettes

Country	Amount	Tariff	Status
Germany	€0.00	Exempt	Confirmed

Total: €0.00

Toll amounts are estimates. Access or environmental-zone charges may be missing; the calculation is based on motorhome tariffs.

Border crossings

No border crossings were returned by the routing response.

Travel notes and data quality

- Motorhome routing is a planning aid; traffic signs and applicable rules take precedence.
- Toll amounts and border-wait data may be incomplete or out of date.
- Navigation may recalculate the route; passability is not legally guaranteed.

Provider information (original)

Unchanged provider text; it is not confirmed vehicle or tariff data.

- ... Truck (HGV) toll rates are never applied to a motorhome.
- Provider data may be incomplete; access and environmental-zone charges are not included.
